

RAISE YOUR CREDIT SCORE

Let Lexington Postal Community Credit Union help you understand your Credit Bureau Score, how it impacts your ability to get loans and services at a lower rate, and **how to raise your score!** Upon receiving your completed form, we will perform a financial analysis and make recommendations. We can take up to 125% of the equity on your currently-owned vehicles, pay off your existing vehicle loan, and use the remaining funds to pay down any high-interest rate credit cards or unsecured debt. A secured debt will score better on your credit report than unsecured debts such as credit cards and signature loans with Finance Companies.
